TO WHOM IT MAY CONCERN

Health Certificate

Product name: **Glue Boards to be used within iGu units**

We hereby declare that these products are to be used for catching insects. The adhesive used is a hotmelt, containing the following ingredients:

Medicinal White Oil	CAS no 8042-47-5	40 – 50 %
Styrene-isoprene-styrene block polymer	CAS no 25038-32-8	5 – 10 %
Synthetic hydrocarbon resin	CAS no 68132-00-3	40 – 50 %
Tetrakis methane	CAS no 6683-19-8	0,3 - 1 %

This hotmelt complies with the FDA composition requirements of Food Packaging Adhesives – 21CFR 175.105.

Being totally non-toxic products, they are exempt from product registration in the whole European Union (EC HAZARDOUS CLASSIFICATION: NONE). The products are also EPA classified in the USA (EPA reg. No 51216-SE-01).
