

NOTRAC BLOX

Allergens Declaration

NOTRAC® BLOX, a rodenticide bait containing the active substance bromadiolone, is made with cereals containing gluten (from Wheat Flour) and soy (from Lecithin), which are known allergens under Annex II of Regulation (EU) No. 1169/2011.

Rodenticide baits should be used in bait boxes whenever placed in or around food packaging, food processing, or food storage facilities. The use of bait boxes reduces the likelihood that the allergens wheat and soy may come into contact with food.

NOTRAC® BLOX does not contain any of the following allergenic food ingredients listed in Annex II of Regulation (EU) No. 1169/2011:

1. Celery
2. Crustaceans (such as prawns, crabs, and lobsters)
3. Eggs
4. Fish
5. Lupin
6. Milk
7. Molluscs (such as mussels or oysters)
8. Mustard
9. Peanuts
10. Sesame seeds
11. Sulphur dioxide and sulphites
12. Tree nuts (such as almonds, hazelnuts, walnuts, Brazil nuts, cashews, pecans, pistachios, and macadamia nuts)

All ingredients used in the manufacture of this rodenticide bait are either food grade, next to food grade, or synthetically derived. All ingredients used in the manufacture of this rodenticide bait are manufactured, produced, or grown in the United States. Upon receipt at our manufacturing plant, the Quality Control Department of Bell Laboratories, Inc. checks each of the ingredients for purity and cleanliness.

NOTRAC® BLOX is manufactured by Bell Laboratories, located at 6551 North Towne Rd. Windsor, WI 53598, USA.
